Honors and Awards
2023 Wyld Propulsion Awarded to Rod Burton

Dear AIAA Illinois Section Members,

The Illinois Section would like to recognize Rod Burton of CU Aerospace LLC for having been presented with the 2023 Wyld Propulsion Award. This award is presented by AIAA for outstanding achievement in the development or application of rocket propulsion systems. Mr. Burton's award is recognition of his distinguished enhancement of science and innovation in the field of electric space propulsion, education of scientist engineers, and entrepreneurial leadership in aerospace engineering.

This honor was bestowed upon Rod at the 2023 AIAA SciTech Forum and Exposition in National Harbor, Maryland.

The Illinois Section extends its congratulations to Rod.

Sincerely,
Andrew Touvannas
