##### **Statistics/Observations 2022-06**

- 16 membership reminders sent this month
- Total Section Population is 456
- Professional membership is down 1.4% since June 2021 (year over year). Regionally the attrition is 3.2% and Nationally 2.8%. So our Section membership is actually slightly above trend in that timeframe.

### **Precollege Outreach/Web Site – Corinne Cho**

The AIAA San Fernando Pacific Section, which represents the San Fernando Valley, Ventura County, and Hawaii, sponsors an annual essay scholarship contest for graduating high school seniors who plan on a career in a STEM field. The subject for this year's essay contest is: should the US Space Ship go to the Moon first and then to Mars or go directly to Mars. Select your choice and state the reason. We had six entries this year, and the names were announced at the

May 12, 2022 Zoom event. The total cash awards were \$2150.

### **Unfinished Business**

We're looking for new speakers/ subjects and tours. We have been hampered lately by the coronavirus. We need to work on getting more members for the meetings and tours. The joint meetings with ASME and students are helping.  
next meeting: Status Report August 2022.
