

## *Here's your opportunity to give back.*

*The Wizards of Wright (WOW!) program needs volunteers interested in presenting STEM topics to local classrooms.*

### What is WOW!

- a STEM program provided by Wright-Patterson Air Force Base
- a part of the Educational Outreach office
- a K-12 STEM Program
- a resource program for teachers and students
- free to all teachers in the area

As a WOW! volunteer, you can visit an area classroom to present an in-person STEM lesson full of hands-on activities.

We supply the lesson and all of the necessary materials.

- *You don't have to be an Engineer.*
- *You don't have to be a Scientist.*
- *You don't have to have any teaching experience.*

#### **Lesson topics include:**

Bridges, Chemistry, Circuits, Design Thinking, Engineering Design Process, Flight, Force and Motion, Magnetism, Robots, Rocketry, Manufacturing, and more!

We will train you on the very easy to learn WOW! lessons.

Time commitment is open to your availability.

*If you're interested in being a volunteer, if you'd like more information about the program, or if you'd like to ask questions of a current volunteer...*

**IMPORTANT:** *Administrative leave may be granted in support of official Education Outreach programs to facilitate the Air Force's STEM Outreach mission IAW AFI 36-815.*

*contact: Angel Callahan – WOW! Program Manager, 937-938-4868
