

# AIAA SciTech Special Session Announcement

## GT-03: Introduction to Ground Test Facilities

**Date:** Tuesday, 24 January 2023

**Time:** 14:00 – 15:40 EST (UTC-5)

**Room:** Baltimore 3 (In Person)

### Session Description

Are you interested in learning more about aerospace ground testing? The objective of this panel session, hosted by the AIAA Ground Test Technical Committee (GTTC), is to provide an introduction to various ground test facilities and their capabilities.

This session will feature representatives from the AEDC National Full-Scale Aerodynamics Complex (NFAC), NASA Ames Research Center, Pratt & Whitney, and Calspan. Representatives will provide facility overviews, followed by an open Q&A session.

We look forward to seeing you at the session!

### Target Audience

The target audience for this session is students and young scientists/engineers, but all are welcome to attend!

### Point of Contact
