ASCEND

Their September speaker will be Daniel Everitt, VP of Benchmark Lark Electronics in Phoenix. Daniel leads growth initiatives for the company by expanding the RF component offering and developing the vertically integrated RF and High Speed Design Center in Phoenix, Arizona. The Design Center focuses on advanced aerospace, defense, high performance computing, and telecommunications applications.

Technical Mini-Conference: *Call for Presenters*

The Tucson Section is planning a Zoom mini Technical Conference on October 2nd and we are currently looking for presenters. If you attended the last 2 AIAA conferences, we invite you to present your topic with our Section. The details continue to mature on the Technical Conference.
