

42nd AIAA Dayton-Cincinnati Aerospace Sciences Symposium

Call For Abstracts

Final Deadline: 20 Jan 2017

<http://www.aiaa-daycin.org/dcass>

The Dayton-Cincinnati Aerospace Sciences Symposium (DCASS) is a unique venue for technical interchange with members of the regional aerospace community. This year's event will be held at the [Sinclair Conference Center](#), Downtown Dayton, on **Wednesday March 1, 2017**.

The symposium program includes up to 12 parallel sessions in the morning and afternoon and a keynote address before lunch. This year's theme is the 100th anniversary of McCook Field. Attendees are also invited to participate in the associated Art-in-Science competition by submitting videos or images that combine technical content and aesthetic appeal.

Technical presentations are solicited in all general areas of aerospace S&T, including fluid dynamics, propulsion, materials, structures, controls, avionics, sensors, human factors, combustion, fuels, turbomachinery, power, UAVs, and space. All presentations are limited to 20 minutes, including questions. No written paper is required, and works in development for other technical forums are welcome. Best presentation awards will be made for each technology area.

Abstract submission is solely through the symposium website:

<http://www.aiaa-daycin.org/dcass>

The website will provide upload and registration instructions and will acknowledge your registration by email. The total number of presentations is limited by room availability. First consideration will be given to complete abstracts submitted by the priority deadline of **13 January, 2017**. Abstracts received by the final deadline of **20 January, 2017** will be considered based on abstract quality and symposium need. Please allow sufficient time for any required public release approval.
