The Champaign Aviation Museum is dedicated to the restoration and preservation of our nation’s warbirds from WWII. It is the home of a ground-up restoration of a B-17 Flying Fortress, the “Champaign Lady”. You’ll get a chance to see their latest progress and appreciate the hard work that goes into an airworthy restoration. The museum also has a fully restored and flying B-25, the “Champaign Gal”. Other aircraft include a Douglas C-47, Stinson 10A, Fairchild F-24, and C-45 Expeditor.

For more information on the museum, visit:
