

February 2019

Dear Students, Parents, and Educators,

The American Institute of Aeronautics and Astronautics (AIAA) is a professional society for the aerospace industry. Our 30,000+ members are engineers, scientists, astronauts, students, and educators from the United States and 86 other nations. The San Fernando Pacific Chapter, which represents the San Fernando Valley, Ventura County, and Hawaii, sponsors an annual essay scholarship contest for graduating high school seniors who plan on a career in a STEM field.

For 2019, up to \$2000 will be awarded in prizes. The total number and value of the awards will be determined based on the number of entries. To enter, students must submit a 500 to 600 word essay on the topic:

What should the role of international cooperation be for space missions? Should there be more or less international cooperation? What are the advantages and/or disadvantages for your position?

All entries must be received by Saturday, April 6, 2019 at 11:59 pm PDT by email.

The following page includes more detailed information about how to participate. Please distribute electronically as needed. Students can also access the information on our section website (<https://engage.aiaa.org/sanfernandopacific/home>). Feel free to email me at aiaa.sfp@gmail.com with any questions or concerns. Thank you for your participation in our program.

Regards,
