All presenters and interested attendees may now **REGISTER** for the conference at the website below.

We are looking for **technical 20 minute presentations** in any area of interest to the aerospace community as well as Diversity, Equity, and Inclusion presentations for the conference DEI track. **Awards** will be given to exceptional technical presentations.

Featuring Keynote Speaker,
Lt Col Bree B. Fram

Active duty aeronautical engineer in the US Space Force and current president of SPARTA, an organization that advocates and educates about transgender military service.

One-page abstracts are requested from prospective presenters.

Please register on our website at
aiaaypse.com

Abstract Extended Deadline: **Jan 21, 2022**
Registration Deadline: **Feb 1, 2022**

Registration is required for all presenters and attendees.

Please note, proceedings of the conference are not published; therefore, papers presented elsewhere, or planned to be presented elsewhere, are acceptable. All abstracts will be released to conference attendees. The conference sessions are unclassified and open to the public; authors whose presentations are the result of sponsored research are requested to obtain clearance from their sponsors or organization. Complete papers are not required.
