# AIAA Historic Site *Lunken Airport* *Dedication as part of:* *Aviation Days* **Saturday, 14 Sept 2013**

AIAA will dedicate Lunken Field as an AIAA Historical Site as part of the Aviation Days that are annually held at the airport. Lunken Field was one of 4 sites chosen last year to receive this honor. The proud history of this Cincinnati landmark will be reviewed by Charlie Pyles of Cincinnati Heritage Society and Pattison Lunken will be on hand to represent her family's involvement with the field since its inception through today. Members of the Dayton-Cincinnati AIAA section will present the plaque to Fred Anderton, the current Airport Manager. Come join us on this historic day.

And stay for the rest of Aviation Days at Lunken Airport. The airport is home to an amazing array of corporate and private aircraft. Based here are historic Warbirds, technologically advanced personal, pleasure aircraft, homebuilts, experimentals and trainers. A vast variety of aircraft will be on display on the main ramp behind the terminal, on Saturday and Sunday. The ramp will be open both days to the public for displays, talking to pilots, air traffic controllers, and Warbird enthusiasts. Get up close to jets, warbirds, sport airplanes...even sit in some! No fences! Talk to pilots, mechanics, and air traffic controllers! Visit with flying and aircraft mechanic schools! FREE hot dogs, snacks and pop! Representatives from area flying and aircraft maintenance schools, community colleges, military recruiters and universities will be on hand. There will be displays of interest for students who want to pursue an aviation career and aviation books. Scavenger Hunt for kids. Take a helicopter or airplane ride for \$45 per person. Several airplanes and helicopters will be available for sight-seeing flights during the event. See the WWII veteran B-17 bomber, the "Aluminum Overcast"...and even buy a ride in it!
